"Our students really connected with Imagination Club and made strong bonds with the students from other schools and the mentors from I CAN. They always looked forward to the sessions and enjoyed sharing their experiences with their peers and families."

WHAT ARE THE RESULTS?

Changes among mentees at Portland Interschool Imagination Club

Mentees in an interschool Imagination Club® show improvements in their behaviour, being more self-confident and more sociable. Consequently, mentees felt more comfortable at school, where they could establish connections with their peers and their school.
